THE WONDERS OF SMITH TOWER

Creative concoctions, 360-degree views and the history of Seattle's rum-running roots—find it all at this iconic skyscraper

TOURS FOR EVERYONE

Attractions, outdoor activities and places to eat can be great but if you want an authentic Seattle experience that is fun and educational, then taking these city tours is a must.

TALKING TOWER TOURS

The Smith Tower's Talking Tower Tours (www.smithtower.com) is the perfect opportunity to learn about the time-frame in which the Smith Tower was in its heyday, the Prohibition era. The exhibits include connections to radio, rum-running and a plethora of interesting characters and intriguing stories. The guided tour is about an hour long and includes a trip up to the 35th floor Observatory, historic

postcard ticket with stamp, a Smith Tower souvenir and more. Tours are available Monday-Friday 10 am-3 pm.

UNDERGROUND TOUR

The most unique tour you are going to find in the city is **Bill Speidel's Underground Tour** (www.undergroundtour.com). This tour takes you on a humorous journey through subterranean storefronts and sidewalks buried underground once the city rebuilt on top of itself after the Great Fire of 1889. Tour times are every half hour (tickets sold at the box office only) June-August 9:30 am-4:30 pm.

T-MOBILE PARK TOURS

Take a "behind the seams" look at the newly

branded ballpark **T-Mobile Park** (www.mlb.com/mariners)—home of the MLB's Seattle Mariners. This one-hour tour explores park amenities such the retractable roof, Press Box, Owners Suite, field, dugouts, the visitor's clubhouse and more. Tour times vary in-season, check their website for schedules.

CREATE YOUR OWN TOUR GUIDE

The **Sky View Observatory** (www.skyviewobservatory.com) allows you to create your own tour by using touch-screen technology. This virtual itinerary enables guests to explore destinations, tours and experiences and save their favorites, mapping out a full day of fun.
